PROFESSIONAL SUMMARY

Corporate AI Trainer, AI Automation Consultant and Full-Stack Developer with 10+ years of experience in technology and 7+ years delivering professional training. Proven experience in instructor-led training for corporate teams, professionals and adult learners, delivered through professional training organizations including M2I Formation, AFPA, WebForce3 and other training providers in France and the UAE.

Specialized in Generative AI, ChatGPT, Claude, Gemini, AI Agents, Prompt Engineering, LLMs, RAG and workflow automation for business. Experienced in delivering Microsoft 365 Copilot workshops and pilot training sessions to managers and business professionals, covering practical business use cases, prompt engineering, AI productivity and Copilot adoption, with additional hands-on capability in Copilot Studio and AI agents.

Founder of a professional training center (Web Start) and an e-learning platform (Académie WS), with 5,000+ learners trained, 40+ programs designed and 1,000+ educational videos produced.

EXPERIENCE

AI & Technology Trainer / Business Development

2026 — Present

Dubai, UAE — [Morgan International](#) · [Logiscool](#) · [The Kid Space](#)

- Deliver AI and technology training programs for Dubai-based training organizations.
- Lead business development: acquiring individual and corporate clients in collaboration with the marketing team.
- Design customized learning programs adapted to client needs.

Founder & E-Learning Program Director

2022 — 2025

[Académie WS](#) — [Online Learning Platform, France](#)

- Founded and developed an online learning platform from concept to launch.
- Designed structured, progressive learning paths from beginner to professional level.
- Led curriculum design and instructional design for every course.
- Produced 1,000+ educational videos across programming and digital-marketing topics.
- Built course architecture supporting self-paced learning; managed learner progression and completion.

Founder & Head of Training

2020 — 2025

[Web Start — Professional Training Center, France](#)

- Founded and operated a professional training center.
- Designed complete training curricula and learning paths across web development, programming, AI and digital marketing.
- Delivered technology and digital-skills programs to students, jobseekers and professionals in career transition.
- Created practical projects, exercises and assessments to reinforce learning outcomes.
- Managed learner progression from beginner to job-ready level.

Corporate & Professional Trainer

2019 — 2025

[Independent / Partner Training Organizations — France](#)

- Delivered instructor-led training to professionals, employees and adult learners through professional training organizations including M2I Formation, AFPA, WebForce3 and other training providers.
- Delivered professional training in programming, digital tools, project management and emerging AI technologies.
- Adapted course content to different professional backgrounds and skill levels.
- Designed practical exercises, projects, assessments and learning paths.
- Delivered both onsite and virtual training, for professional and corporate audiences including career-transition programs.

Full-Stack Developer & IT Consultant

2015 — 2018

[Glovo · Sopra Steria · Accenture — Spain](#)

- Front-end then full-stack development on enterprise and institutional projects (HTML/CSS/JS, Angular, Java, Spring Batch).
- Built the technical foundation now applied directly to designing and delivering hands-on, credible AI and automation training.
